

EMAD Community Award

Winter 2018

Mike Healy
Forkers

nominated in the category

People

The A5 Towcester scheme involved closing the town's High Street for 17 weeks. The success of this scheme was dependant on strong stakeholder management and effective communication. Mike invested time building trust and strong relationships within the local community which has enabled us to work in partnership and harmony with the people of Towcester. And importantly he's helped us create a legacy which will make all future work in the town much easier
